

## NOTES FOR COMPILING THE ROTA

**NB** The people against the slot are the ones who did it last time – they are just suggestions and I have not checked with them that they are still willing and able to do it again on the suggested date

Rota is guide – feel free to swap around sessions

When completed –

1. Put a copy on the notice board
2. Email to Jonathan Lamb and ask for it to go on the Youth Web page in PDF
3. Email a copy to Megan
4. Email a copy to all those that have agreed to take a session with the resource list attached. Ask people to try and arrange their own swaps or find someone else to take the session if they find they are unable to do it. Ask them to contact you if they have any queries (i.e. not me!!). Also for the summer term say if the weather is good they can hold the session outside either by taking a table and chairs out or using rugs available.

### **RESOURCES TO SUPPORT PROGRAMME**

#### **Where to look:**

There are now resources to support the majority of sessions in the four year programme.

#### 1. Books / Pamphlet / Resource packs:

These are available in the Library. The material for young people is held on dedicated shelves and can be identified by a blue dot on the spine. They are listed on the catalogue and can be identified by the keyword 'Resource – young people'.

**Remember** – Please check out anything you borrow and return to the library books return basket

2. There is binder 'Testimonies – Living as a Quaker' which contains a wealth of support material and ready made hand-outs for photocopying etc.

3. Quakers in Britain produce 'Journeys in the Spirit' – these are produced monthly and offer fully worked out yet adaptable programmes to use with young people. They have been used extensively in the Four Year Programme and can be found at the following website:

<http://journeys.quaker.org.uk/child.html> - Referenced as Journeys Issue x  
<http://journeys.quaker.org.uk/youth.html> - Referenced as Journeys (Y) Issue x

4. <http://www.quakersintheworld.org>

This is a website describing as many as possible of the different things Quakers/Friends have done, and are doing, all over the world. Many other sites contain more detailed information and users are directed to these more specialised sites for greater detail. It contains a database: [Ideas for Educators](#) You can search this area by topic, by educational setting, and by age group. It is worth checking out when preparing a topic.
